If Your Child Is Deemed A Close Contact:

If your child is identified by *an organization other than Tacoma Public Schools* as a close contact of someone who has COVID-19, please use the TPS Family App or contact us directly to let us know. When you do that, our school will know we need to share a plan to help your student learn from home while they quarantine. Please also use the Family App or call us if your child has been diagnosed with COVID-19 or has COVID-19 symptoms. If we were the ones who notified you that your child is a close contact, you do not have to add the information to the Family App. Our staff will do that.

When to Keep Your Child Home:

TPS would like to share the following expectations to continue doing our best to keep our entire school community healthy. If your child has ANY of these symptoms, he/she should stay home from school:

- ☼ Fever of 100.4 or higher
- ☼ Cough
- ☼ Loss of taste or smell
- ☼ Shortness of breath
- ☼ Fatigue
- ☼ Headache
- ☼ Muscle or body aches
- ☼ Sore throat
- ☼ Congestion or runny nose
- ☼ Nausea or vomiting
- ☼ Diarrhea

When they can return to school is based on their specific symptoms. Please look for the school district's newsletter email on 9/26 or our district website www.tacomaschools.org to find a guide to when to safely send your child back to school.

Air Quality:

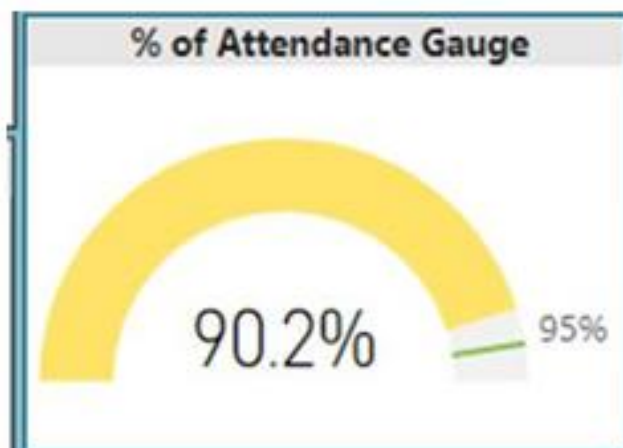

In addition to asking that students stay home from school that are exhibiting any of the symptoms listed above, another way we help keep our school community healthy is by meeting air quality standards in our building.

Every building in our school district – including ours – meets or exceeds health department air quality standards. We conduct routine tests to ensure classrooms have the amount of air flow required by the state Department of Health. The Tacoma-Pierce County Health Department also inspects all of our buildings every other year.

Recently, we have taken other steps to go beyond what is required, including changing air filters more often, and modifying our HVAC systems to meet even higher than standards of air quality.

Late Start Wednesdays:

Our Wednesday 1-hour late start schedule has started. On these days, school will start at 10 AM and there will be no supervision prior to 9:50 AM. Bus routes will be delayed by one hour.

NO LATE START ON OCTOBER 13th DUE TO FALL CONFERENCES & EARLY RELEASE. See above.

Clothing & Inclement Weather:

Please do your best to send your child to school each day with clothing based on the projected weather, as we start seeing our weather change. Also, please write your child's name on the clothing so we can ensure it stays with the appropriate student. We do our best to get students outside for recess, and do not have a covered area here at McKinley, so thank you in advance for planning appropriately.

End-Of-Day Transportation:

If your child is new to riding the bus or your family is new to Fawcett, please email Ms. Kelly your child's name and address and she will get the bus set-up. Times and locations will be available for you to view the end of August. Her email is: kpenswi@tacoma.k12.wa.us.

****It is vital, if your transportation changes, please call the main office to inform the school. With this information, Ms. Kelly or Ms. Lori will communicate this important information to your child's teacher, so he/she gets on the bus or picked up accordingly.*

Student COVID Testing Now Available:

Starting September 20th, students who show symptoms of COVID-19 in school can take a free, voluntary test to confirm whether they have the virus. Parents/guardians must give permission for their child to take the test. Results will be reported back to you and the school within 24-48 hours, at which time appropriate quarantine and contact tracing protocols can start, if needed.

To keep others healthy, please keep your child home if they are sick, have been exposed to someone with COVID-19, or have tested positive for COVID-19.

Take a look as a young TPS student shows how easy it is to take the COVID test at school:

[Story Detail - Tacoma Public Schools \(tacomaschools.org\)](https://www.tacomaschools.org)

Student Learning During Quarantine:

Students who cannot attend school because they have COVID-19 or are required to quarantine will learn from home using lessons and support materials provided by their teachers.

TPS has developed learning plans for various remote-learning scenarios - including small groups or entire classes - for students missing in-person school for up to 14 days.

[Get more details on the learning plans here.](#)

Immunizations & Vaccinations:

More free school immunization and COVID-19 vaccination opportunities are now open to you and your family. It is so important to get those school immunizations complete. If your child received immunizations over the summer, make sure to update our school nurse. Students without required immunizations or a valid exemption will not be allowed to attend school, as the law requires.

A COVID-19 vaccine is not required for students to attend school, but they are available for free to those 12 and up, and that includes students and families. Get more details on our website or in that Sunday newsletter on 9/12/21.

Contact Tracing Process:

Our district works in partnership with the Tacoma-Pierce County Health Department to conduct contact tracing to determine if anyone may have been exposed to someone with COVID-19. The health department determines who is a close contact and gives specific dates for isolation or quarantining and returning to school. The district then provides the school COVID supervisor, with communications to notify the family of the student who is deemed a close contact.

- ☼ **Close contacts who are fully vaccinated are not required to quarantine unless they are symptomatic.** They are encouraged to get tested 3-5 days after exposure. If your child is identified as a close contact and is vaccinated, you must show proof of vaccination to your school to return to school.
- ☼ **Close contacts who are NOT fully vaccinated are required by the health department to stay home for a total of 14 days past the date of exposure.** If you choose to have your child tested before they experience any symptoms and the test is negative, they must still quarantine for the entire 14-day period.

Those who are not close contacts but have been in the same classroom or workspace as someone who is COVID positive, are also provided notifications when there is a positive case. Additionally, TPS also publishes information on the district website each time there is a COVID case in a school or district office.

Beyond the Bell:

Are you looking for information about childcare, clubs, sports, field trips? Families can register now for Beyond the Bell and find "Pay What You Choose" activities at all elementary and middle schools.

Everything is all in one place. Go to our school's website or the TPS Family App to register. Beyond the Bell programs are for elementary schools, and Club beyond is for middle school activities.

Registration opened on August 31, 2021 for our "Beyond the Bell" opportunities. Tacoma Public Schools and community partners have come together to offer Beyond the Bell, similar to our previous extended learning

opportunities (ELO). Beyond the Bell lets you choose from more activities at school than ever before! Choose from options for before and after school, in-service days, and school breaks.

Our Beyond the Bell coordinator is Jennifer Boutell. Her email address is: jboutel@tacoma.k12.wa.us and Google Voice # is (541) 224-6923.

Volunteers:

We are ready and pleased to welcome volunteers back in schools. As always, volunteers must participate in a screening and background check, which needs to be completed annually. They must also follow all health and safety guidelines, including wearing a mask and social distancing. And this year, volunteers must be fully vaccinated against COVID-19 and show proof of that vaccination.

The new vaccine requirement includes two potential exemptions - a qualifying medical exemption or sincerely held religious exemption. If you are seeking an exemption to volunteer, please see how to do that at www.tacomaschools.org or in the district's Sunday newsletter from 9/12/21.

Family App and MySchoolBucks:

If you are not already registered for the Family App, please do so at www.tacomaschools.org. In Family App, you can register for before and after school activities, view your child's grades, and so much more. In Family App, follow the link to My School Bucks, which is a great new tool to use to pay for yearbooks, ASB fees, and pretty much any school program that requires a payment.

Free Meals in 2021-22 School Year & Other Meals Updates:

While meals for TPS students are free again this year, we will ask families to fill out Household Information Surveys that replace the Free and Reduced-Price Meal Applications. Instructions on completing the survey will be shared with you soon.

Again this year, breakfast and lunch are free for all students. We are returning to more traditional hot lunches this fall. We are still working to confirm menus and there may be limited options at the start of the year, but we will introduce more options as soon as we can.

Students will eat breakfast in the classroom, and they will sit with their classroom group in the cafeteria for lunch, staying physically distanced as much as possible. More information can be found at:
